PROPOSAL NO. 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Board recommends ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants for 2015. (See “*Ratification of the Appointment of Independent Accountants*” on page 12.)

PROPOSAL NO. 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Board recommends the approval of, on an advisory basis, the compensation of the Named Executive Officers. The Company’s Named Executive Officers are identified in the “*Compensation Discussion and Analysis – Introduction*” on page 26. (See “*Advisory Vote to Approve Named Executive Officer Compensation*” on page 13.)

STOCKHOLDER ENGAGEMENT

The Company discussed with stockholders, investment firms, and institutional stockholders (via teleconference and in person) the design of the executive compensation program, disclosure practices, corporate governance, and the results of the most recent advisory vote to approve named executive officer compensation.

The Management Development and Compensation Committee of the Board of Directors (the “Compensation Committee”), in consultation with its independent compensation consultant and management, considered feedback from stockholders, developing market practices, evolving business priorities, and succession planning in making several design changes to the Company’s executive compensation program.

CHANGES TO EXECUTIVE COMPENSATION PROGRAM

	Effective Date of Design Change	Page Reference
Made annual incentive plan performance goals more challenging and reduced the maximum payout for achieving operating objectives from 200% to 175% of target	2015	28
Replaced the performance goals in the long-term incentive plan that were linked to the annual incentive plan with: <ul style="list-style-type: none"> • Three-year cumulative adjusted earnings per share • Multi-year operating objectives 	2014	28
Expanded disclosure of operating objectives under the annual incentive plan	2014	35
No employment agreement with new Chief Executive Officer	2013	27
No golden parachute excise tax gross-up agreements	2013	27

EXECUTIVE COMPENSATION PROGRAM

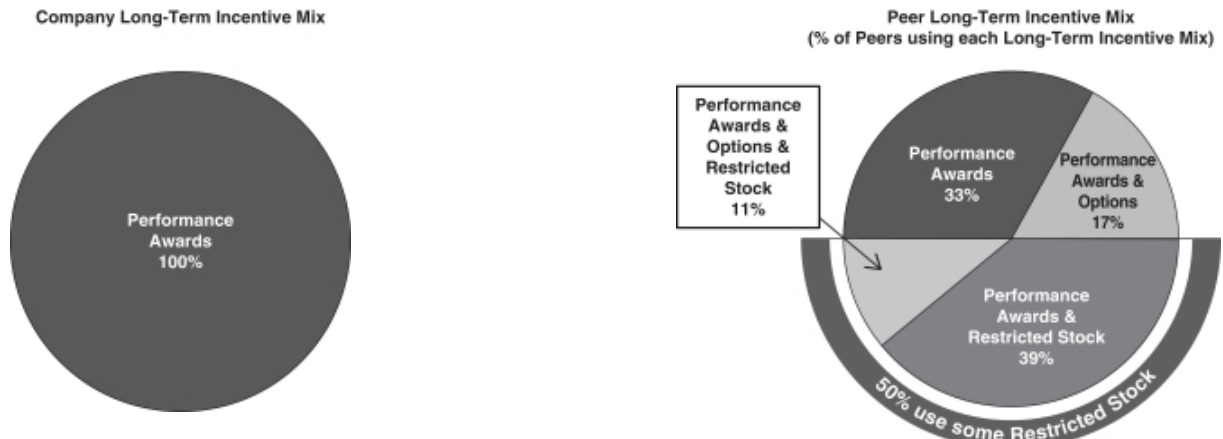

Pay-for-performance is the foundation of the Company’s executive compensation program. The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer’s target total direct compensation to motivate strong annual and multi-year Company performance. Additionally, the Compensation Committee believes that most of the performance-based compensation should be in the form of long-term, rather than annual incentives, to emphasize the importance of sustained Company performance.

Features of the Executive Compensation Program

Type	Component	Objective
Performance-Based Compensation	Annual Incentive Compensation	Achievement of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.
	Long-Term Incentive Compensation	Achievement, over a multi-year period, of financial and operating objectives critical to the performance of the Company’s business plans and strategies. Achievement, over a three-year period, of the Company’s cumulative total shareholder return relative to the Company’s compensation peer group.
Fixed & Other Compensation	Base Salary Retirement Programs Benefits and Perquisites	Differentiate base salary based on individual responsibility and performance. Provide retirement and other benefits that reflect the competitive practices of the industry and provide limited and specific perquisites.

COMPENSATION GOVERNANCE PRACTICES

- **Pay Practices.** The Company has no employment agreements, no golden parachute excise tax gross-ups, and no individually negotiated equity awards with special treatment upon a change of control.
- **Long-Term Incentive Compensation.** The 2013 Long Term Incentive Plan (i) prohibits the repricing of stock options or the buyout of underwater options without stockholder approval; (ii) prohibits recycling of shares for future awards except under limited circumstances; (iii) prohibits accelerated vesting of outstanding equity awards except if both a change in control occurs and a participant’s employment is terminated under certain circumstances; and (iv) caps the maximum number of shares that may be awarded to a director, officer, or eligible employee in a calendar year.
- **Long-Term Incentive Mix.** The following charts illustrate that all Named Executive Officer long-term equity-based incentive compensation is performance-based. As described in proxy statements filed in 2014, half of the Company’s compensation peer group granted some form of non-performance-based awards to their named executive officers:

- **Risk Management.** The Company’s compensation programs include various features that have been designed to mitigate risk. (See “*Compensation Risk Management*” on page 43.)
- **Stock Ownership Guidelines.** The Company has stock ownership guidelines for directors and certain officers, including the Named Executive Officers. (See “*Director Compensation*” on page 20 and “*Stock Ownership Guidelines*” on page 42.)
- **No Hedging and Pledging.** The Company prohibits all officers, financial personnel, and certain other individuals from shorting, hedging, and pledging Company securities or holding Company securities in a margin account. (See “*No Hedging and Pledging*” on page 42.)
- **Recoupment Policy.** The Company’s compensation recoupment policy applies to all officers of the Company and its subsidiaries with respect to incentive-based compensation. (See “*Recoupment Policy*” on page 42.)

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Ten Directors are to be elected at the Annual Meeting to hold office until the next annual meeting and until their respective successors are elected and qualified. (See “*Information About the Director Nominees*” on pages 6 to 11.) Directors are permitted to stand for election until they reach the mandatory retirement age of 75. Of the Board members standing for election, John McAvoy is a current officer of the Company. All of the nominees were elected Directors at the last Annual Meeting, other than Linda S. Sanford. Ms. Sanford was elected to the Board of Directors effective January 15, 2015. A professional search firm assisted the Corporate Governance and Nominating Committee in connection with its recommendation of Ms. Sanford.

The Company’s management believes that all of the nominees will be able and willing to serve as Directors of the Company. All of the Directors also serve as Trustees of the Company’s

subsidiary, Consolidated Edison Company of New York, Inc. (“Con Edison of New York”). Mr. McAvoy also serves as Chairman of the Board of the Company’s subsidiary, Orange and Rockland Utilities, Inc. (“Orange & Rockland”).

Kevin Burke and Sally H. Piñero, who have served with distinction as Directors of the Company, have not been nominated for re-election. The Board has reduced the number of Directors to ten effective immediately prior to the Annual Meeting.

Shares represented by every properly executed proxy will be voted at the Annual Meeting for or against the election of the Director nominees as specified by the stockholder giving the proxy. If one or more of the nominees is unable or unwilling to serve, the shares represented by the proxies will be voted for any substitute nominee or nominees as may be designated by the Board.

The Board Recommends a Vote FOR Proposal No. 1.

Each of the ten Director nominees must receive a majority of the votes cast at the Annual Meeting, in person or by proxy, to be elected (meaning the number of shares voted “for” a Director nominee must exceed the number of shares voted “against” that Director nominee), subject to the Board’s policy regarding resignations by Directors who do not receive a majority of “for” votes. Abstentions and broker non-votes are voted neither “for” nor “against,” and have no effect on the vote.

Information About the Director Nominees

The Board and the Corporate Governance and Nominating Committee consider the qualifications of Directors and Director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs. The Board believes that the Board, as a whole, should possess a combination of skills, professional experience, and diversity of backgrounds necessary to oversee the Company's business. The Board has adopted Corporate Governance Guidelines to assist it in exercising its responsibilities to the Company and its stockholders. In evaluating Director candidates and considering incumbent Directors for renomination to the Board, the Board and the Corporate Governance and Nominating Committee consider various factors. Pursuant to the Guidelines, the Corporate Governance and Nominating Committee reviews with the Board the skills and characteristics of Director nominees, including independence, integrity, judgment, business experience, areas of expertise, availability for service, factors

relating to the composition of the Board (including its size and structure), and the Company's principles of diversity. For incumbent Directors, the Corporate Governance and Nominating Committee also considers past performance of the Director on the Board.

The current Director nominees bring to the Company the benefit of their qualifications, leadership, skills, and the diversity of their experience and backgrounds, as set forth below, which provide the Board, as a whole, with the skills and expertise that reflect the needs of the Company's regulated utilities and competitive energy businesses. PROPOSAL NO. 2 RATIFICATION OF THE APPOINTMENT OF INDEPENDENT ACCOUNTANTS

At the Annual Meeting, as a matter of sound corporate governance, stockholders will be asked to ratify the selection of PricewaterhouseCoopers LLP (“PwC”) as independent accountants for the Company for 2015. If the selection of PwC is not ratified, the Audit Committee will take this into consideration in the future selection of independent accountants.

PwC has acted as independent accountants for the Company for many years. The Audit Committee’s charter provides that at least once every five years, the Audit Committee will evaluate whether it is appropriate to rotate the Company’s independent accountants.

The Audit Committee considered the firm’s qualifications. This included a review of PwC’s performance in prior years, as well as PwC’s reputation for integrity and for competence in the fields of accounting and auditing. The Audit Committee also reviewed a report provided by PwC regarding its quality controls, inquiries or investigations by governmental or professional authorities and independence. (See “ *Audit Committee Matters*” on page 24.)

Representatives of PwC will be present at the Annual Meeting and will be afforded the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

The Board Recommends a Vote FOR Proposal No. 2.

Ratification of Proposal No. 2 requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting, in person or by proxy. Abstentions and broker non-votes are voted neither “for” nor “against,” and have no effect on the vote.

**PROPOSAL NO. 3 ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION**

The Company values the opinions of its stockholders, and in accordance with Section 14A of the Securities Exchange Act of 1934, the stockholders have the opportunity to approve, on an advisory basis, the compensation of the Named Executive Officers as disclosed in the Compensation Discussion and Analysis (“CD&A”) section, and the related compensation disclosure tables on pages 26 to 55. The Company currently conducts such votes annually. The Board recommends that the stockholders vote to approve, on an advisory basis, the compensation of the Named Executive Officers. In 2014, the Company held an advisory vote to approve the Company’s Named Executive Officer compensation, as set forth in the 2014 proxy statement, and 93.9% of the shares voted were voted “for” the proposal. Following this year’s vote, the next such vote will be at the Company’s 2016 annual meeting of stockholders.

As discussed in the CD&A, the Company’s executive compensation program is designed to assist in attracting and retaining key executives critical to its long-term success, to motivate these executives to create value for its stockholders, and to provide safe, reliable, and efficient service for its customers. The Compensation Committee, with the assistance of its independent compensation consultant, seeks to provide base salary, and performance-based compensation that includes target annual cash incentive compensation, and target long-term equity-based incentive compensation that are competitive with the median level of compensation provided by the Company’s compensation peer group.

The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer’s target total direct

compensation to motivate strong annual and multi-year Company performance. Additionally, the Compensation Committee believes that most of the performance-based compensation should be in the form of long-term, rather than annual incentives, to emphasize the importance of sustained Company performance. Each year, the Compensation Committee evaluates the level of compensation, the mix of base salary, performance-based compensation and retirement and welfare benefits provided to each Named Executive Officer.

The Compensation Committee chooses performance goals under the annual incentive plan and the long term incentive plan to support the Company’s short- and long-term business plans and strategies. In setting targets for the short- and long-term performance goals, the Compensation Committee considers the Company’s annual and long-term business plans and certain other factors, including pay-for-performance alignment, economic and industry conditions, and the practices of the compensation peer group. The Compensation Committee sets challenging, but achievable, goals for the Company and its executives to drive the achievement of short- and long-term objectives.

For the reasons highlighted above and more fully discussed in the CD&A, the Board recommends that the stockholders vote in favor of the following resolution:

“RESOLVED, That the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved.”

The Board Recommends a Vote FOR Proposal No. 3.

Approval of Proposal No. 3 requires the affirmative vote of a majority of the vote cast on the proposal at the Annual Meeting, in person or by proxy. Abstentions and broker non-votes are voted neither “for” nor “against,” and have no effect on the vote.

The Board values the opinions of the Company’s stockholders as expressed through their vote and other communications. Although the vote is on an advisory basis, the Board and its Compensation Committee will consider the voting results when making future compensation decisions for the Named Executive Officers.

**THE BOARD OF DIRECTORS****MEETINGS AND BOARD MEMBERS' ATTENDANCE**

The Board of Directors held 15 meetings in 2014. At its meetings the Board considers a wide variety of matters involving such things as the Company's strategic planning, its financial condition and results of operations, its capital and operating budgets, personnel matters, succession planning, risk management, industry issues, accounting practices and disclosure, and corporate governance practices.

In accordance with the Company's Corporate Governance Guidelines, the Chair of the Corporate Governance and Nominating Committee (currently Mr. Del Giudice) serves as Lead Director and, as such, chairs the executive sessions of the non-management Directors and the independent Directors. The Company's independent Directors met twice in executive session and the non-management Directors met ten times in executive session during 2014.

During 2014, each incumbent member of the Board attended more than 75% of the combined meetings of the Board of Directors and the Board Committees on which he or she served held during the period that he or she served.

Directors are expected to attend the Annual Meeting. All of the current Directors attended the 2014 annual meeting of stockholders, except Ms. Sanford who was elected to the Board in January 2015.

CORPORATE GOVERNANCE

The Company's corporate governance documents, including its Corporate Governance Guidelines, the charters of the Audit, Corporate Governance and Nominating, and Management Development and Compensation Committees, and the Standards of Business Conduct, are available on the Company's website at www.conedison.com/investor/governance_documents.asp. The Standards of Business Conduct applies to all Directors, officers and employees. The Company intends to post on its website at www.conedison.com/investor/governance_documents.asp amendments to its Standards of Business Conduct and a description of any waiver from a provision of the Standards of Business Conduct granted by the Board to any Director or executive officer of the Company within four business days after such amendment or waiver.

LEADERSHIP STRUCTURE

As discussed in the Corporate Governance Guidelines, the Board selects the Company's Chief Executive Officer and Chairman of the Board in the manner that it determines to be in the best interest of the Company's stockholders. The Company's leadership structure combines the roles of the chairman and chief executive officer. The Board believes that this leadership structure is appropriate for the Company due to a variety of factors, including Mr. McAvoy's long-standing knowledge of the Company and the utility industry, and his extensive engineering, financial, and operations experience.

The Board has an independent Lead Director who is the Chair of the Corporate Governance and Nominating Committee. The Corporate Governance Guidelines provide that the Lead Director: (i) acts as a liaison between the independent Directors and the Company's management; (ii) chairs the executive sessions of non-management and independent Directors and has the authority to call additional executive sessions as appropriate; (iii) chairs Board meetings in the Chairman's absence; (iv) coordinates with the Chairman on agendas and schedules for Board meetings, information flow to the Board, and other matters pertinent to the Company and the Board; and (v) is available for consultation and communication with major stockholders as appropriate.

The Board consists of a substantial majority of Directors who are independent. (See "*The Board of Directors—Board Members' Independence*" on pages 15 to 16.) The Board routinely holds executive sessions at which only non-management Directors are present, and the independent Directors meet in executive session at least once a year. Pursuant to the Company's Corporate Governance Guidelines, the Board has oversight responsibility for reviewing the Company's strategic plans, objectives and risks. Each of the standing committees of the Board, other than the Executive Committee, is chaired by non-management Directors. (See "*The Board of Directors—Standing Committees of the Board*" on pages 16 to 18).

RISK OVERSIGHT

The Board's primary function is one of oversight. In connection with its oversight function, the Board oversees the Company's policies and procedures for managing risk. The Board administers its risk oversight function primarily through its Committees which report to the Board. Board Committees have assumed oversight of various risks that have been

identified through the Company's enterprise risk management program. The Audit Committee reviews the Company's risk assessment and risk management policies and the Audit Committee reports to the Board on the Company's risk management program. Management regularly provides reports to the Board and its Committees concerning risks identified through the Company's enterprise risk management program.

RELATED PERSON TRANSACTIONS AND POLICY

The Company has adopted a written policy for approval of transactions between the Company and its Directors, Director nominees, executive officers, greater-than-five percent (5%) beneficial owners, and their respective immediate family members, where the amount involved in the transaction since the beginning of the Company's last completed fiscal year exceeds or is expected to exceed \$100,000.

The policy provides that the Corporate Governance and Nominating Committee reviews certain transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the Corporate Governance and Nominating Committee takes into account, among other factors it deems appropriate, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. In addition, the Board has delegated authority to the Chair of the Corporate Governance and Nominating Committee to pre-approve or ratify transactions where the aggregate amount involved is expected to be less than \$1.0 million. A summary of any new transactions pre-approved by the Chair will be provided to the full Corporate Governance and Nominating Committee for its review in connection with a regularly scheduled committee meeting.

The Corporate Governance and Nominating Committee has considered and adopted standing pre-approvals under the policy for limited transactions with related persons. Pre-approved transactions include:

- business transactions with other companies at which a related person's only relationship is as an employee (other than an executive officer), if the amount of business falls below the thresholds in the New York Stock Exchange's listing standards and the Company's Director independence standards; and
- contributions to non-profit organizations at which a related person's only relationship is as an employee (other than an executive officer) if the aggregate amount involved is less

than both \$1.0 million and two percent (2%) of the organization's consolidated gross annual revenues.

In 2014, Ms. Futter's brother received approximately \$147,000 for providing legal services to Con Edison of New York and will provide such legal services in 2015. The provision of these services by Ms. Futter's brother was approved by the Committee.

BOARD MEMBERS' INDEPENDENCE

The Board of Directors has affirmatively determined that the following Directors are "independent" as defined in the New York Stock Exchange's listing standards: Mr. Calarco, Dr. Campbell, Mr. Del Giudice, Mr. Killian, Mr. Olivera, Ms. Piñero, Mr. Ranger, Ms. Sanford, and Mr. Sutherland.

To assist it in making determinations of Director independence, the Board has adopted independence standards, which are set forth in its Corporate Governance Guidelines, available on the Company's website at www.conedison.com/investor/pdfs/Guidelines.pdf. Under these standards, the Board has determined that each of the relationships below is categorically immaterial and therefore, by itself, does not preclude a Director from being independent:

- (i) (a) the Director has an immediate family member who is a current employee of the Company's internal or external auditor, but the immediate family member does not personally work on the Company's audit; or (b) the Director or an immediate family member was, within the last three years, a partner or employee of such a firm but no longer works at the firm and did not personally work on the Company's audit within that time;
- (ii) the Director or an immediate family member is, or has been within the last three years, employed at another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee, but the Director or the Director's immediate family member is not an executive officer of the other company and his or her compensation is not determined or reviewed by that company's compensation committee;
- (iii) the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater;

- (iv) the Director is a partner or the owner of five percent (5%) or more of the voting stock of another company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater;
- (v) the Director is a partner, the owner of five percent (5%) or more of the voting stock or an executive officer of another company which is indebted to the Company, or to which the Company is indebted, but the total amount of the indebtedness in each of the last three fiscal years was less than \$1.0 million, or two percent (2%) of such other company's consolidated gross revenues, whichever is greater; and
- (vi) the Director or an immediate family member is a director or an executive officer of a non-profit organization to which the Company has made contributions in any of the last three fiscal years, but the Company's total contributions to the organization in each year were less than \$1.0 million, or two percent (2%) of such organization's consolidated gross revenues, whichever is greater.

STANDING COMMITTEES OF THE BOARD

Audit Committee

The Audit Committee, composed of five independent Directors (currently Mr. Calarco, Chair, Mr. Del Giudice, Mr. Killian, Mr. Ranger, and Mr. Sutherland), is responsible for the appointment of the independent accountants for the Company, subject to stockholder ratification at the Annual Meeting. If the selection of PricewaterhouseCoopers LLP is not ratified, the Audit Committee will take this into consideration in the future selection of independent accountants. The Audit Committee meets with the Company's management, including Con Edison of New York's General Auditor, the General Counsel, and the Company's independent accountants, several times a year to discuss internal controls and accounting matters, the Company's financial statements, filings with the Securities and Exchange Commission, earnings press releases and the scope and results of the auditing programs of the independent accountants and of Con Edison of New York's internal auditing department. The Audit Committee also oversees the Company's risk assessment and risk management policies, and the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program. Each member of the Audit Committee is "independent" as defined in

the New York Stock Exchange's listing standards. The Board of Directors of the Company has determined that each Director on the Audit Committee is an "audit committee financial expert" as such term is defined in Item 407(d)(5) of Regulation S-K and is "independent" as such term is defined in Rule 10A-3 under the Securities and Exchange Act of 1934. The Audit Committee held seven meetings in 2014.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee, composed of five independent Directors (currently Mr. Del Giudice, Chair, Mr. Calarco, Dr. Campbell, Mr. Killian, and Ms. Piñero), annually evaluates each Director's individual performance when considering whether to nominate the Director for re-election to the Board and is responsible for recommending candidates to fill vacancies on the Board. In addition, the Corporate Governance and Nominating Committee assists with respect to the composition and size of the Board and of all Committees of the Board. The Corporate Governance and Nominating Committee also makes recommendations to the Board as to the compensation of Board members as well as other corporate governance matters, including Board independence criteria and determinations and corporate governance guidelines. Additionally, the Corporate Governance and Nominating Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program.

All of the members of the Corporate Governance and Nominating Committee are "independent" as defined in the New York Stock Exchange's listing standards. The Company's Corporate Governance Guidelines provide that the Board of Directors consists of a substantial majority of Directors who meet the New York Stock Exchange definition of independence, as determined by the Board in accordance with the standards described in the Guidelines under "*The Board of Directors—Board Members' Independence*" on pages 15 to 16. Among its duties, the Corporate Governance and Nominating Committee reviews the skills and characteristics of Director candidates as well as their integrity, judgment, business experience, areas of expertise and availability for service, factors relating to the composition of the Board (including its size and structure) and the Company's principles of diversity.

The Corporate Governance and Nominating Committee has the authority under its charter to hire advisors to assist it in its decisions. The Corporate Governance and Nominating Committee retains a professional search firm to assist it in identifying director candidates. The search firm assists in developing criteria for potential Board members to complement the Board's existing strengths. Based on such criteria, the firm also provides, for review and consideration, lists of potential candidates with background information. After consulting with the Corporate Governance and Nominating Committee, the firm further screens and interviews candidates as directed to determine their qualifications, interest and any potential conflicts of interest and provides its results to the Committee. The Committee also considers candidates recommended by stockholders. There are no differences in the manner in which the Committee will evaluate candidates recommended by stockholders. The Committee will make an initial determination as to whether a particular candidate meets the Company's criteria for Board membership, and will then further consider candidates that do. Stockholder recommendations for candidates, accompanied by biographical material for evaluation, may be sent to the Vice President and Corporate Secretary of the Company. Each recommendation should include information as to the qualifications of the candidate and should be accompanied by a written statement (presented to the Vice President and Corporate Secretary of the Company) from the suggested candidate to the effect that the candidate is willing to serve.

The Corporate Governance and Nominating Committee has also retained Mercer, a wholly-owned subsidiary of Marsh & McLennan Companies, Inc., to provide information, analyses, and objective advice regarding director compensation. The Corporate Governance and Nominating Committee directs Mercer to: (i) assist it by providing competitive market information on the design of the director compensation program, (ii) advise it on the design of the director compensation program and also provide advice on the administration of the program, and (iii) brief it on director compensation trends among the Company's compensation peer group and broader industry. The Board members, including the chief executive officer, consider the recommendations of the Corporate Governance and Nominating Committee. The decisions may reflect factors and considerations in addition to the information and advice provided by Mercer.

The Corporate Governance and Nominating Committee held five meetings in 2014.

Environment, Health and Safety Committee

The Environment, Health and Safety Committee, composed of five non-management Directors (currently Ms. Futter, Chair, Mr. Burke, Mr. Olivera, Ms. Piñero, and Ms. Sanford), provides advice and counsel to the Company's management on corporate environment, health and safety policies and on such other environment, health, safety, and sustainability matters as it from time-to-time deems appropriate. The Environment, Health and Safety Committee also reviews significant issues identified by management relating to the Company's environment, health and safety programs and its compliance with environment, health and safety laws and regulations, and makes such other reviews and recommends to the Board such other actions as it may deem necessary or desirable to help promote sound planning by the Company with due regard to the protection of the environment, health and safety. Additionally, the Environment, Health and Safety Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program. The Environment, Health and Safety Committee held five meetings in 2014.

Executive Committee

The Executive Committee, composed of Mr. McAvoy, Chair, and four non-management Directors (currently Mr. Burke, Mr. Calarco, Dr. Campbell, and Mr. Del Giudice), may exercise, during intervals between the meetings of the Board, all the powers vested in the Board, except for certain specified matters. No meetings of the Executive Committee were held in 2014.

Finance Committee

The Finance Committee, composed of five non-management Directors (currently Mr. Sutherland, Chair, Mr. Burke, Mr. Olivera, Mr. Ranger, and Ms. Sanford), reviews and makes recommendations to the Board with respect to the Company's financial condition and policies, capital and operating budgets, financial forecasts, major contracts and real estate transactions, financings, investments, bank credit arrangements, its dividend policy, strategic business plan, litigation, and other financial matters. Additionally, the Finance Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program. The Finance Committee held seven meetings in 2014.

**Management Development and Compensation Committee**

The Management Development and Compensation Committee (the "Compensation Committee"), composed of five independent Directors (currently Dr. Campbell, Chair, Mr. Calarco, Mr. Del Giudice, Mr. Killian, and Mr. Sutherland), makes recommendations to the Board relating to officer and senior management appointments. The Compensation Committee also establishes and oversees the Company's executive compensation and welfare benefit plans and policies, administers its equity plans and annual incentive plan and reviews and approves annually all compensation relating to the Named Executive Officers under the Company's executive compensation program. Additionally, the Compensation Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program.

The Compensation Committee has the authority, under its charter, to engage the services of outside advisors, experts, and others to assist it. The Compensation Committee engages Mercer to provide information, analyses, and objective advice regarding executive compensation. The Committee directs Mercer to: (i) assist it in the development and assessment of the compensation peer group for the purposes of providing competitive market information for the design of the executive compensation program, (ii) compare the Company's chief executive officer's base salary, annual incentive and long-term incentive compensation to that of the chief executive officers of the identified compensation peer group and broader industry, (iii) advise it on the officers' base salaries and target award levels within the annual and long-term incentive plans, (iv) advise it on the design of the Company's annual and long-term incentive plans and also provide advice on the administration of the plans, (v) brief it on executive compensation trends among the Company's compensation peer group and broader industry, and (vi) assist with the preparation of the Compensation Discussion and Analysis for this Proxy Statement. The Compensation Committee held ten meetings in 2014, of which Mercer attended five.

For a discussion of the role of the Compensation Committee and information about the Company's processes and procedures for the consideration and determination of executive compensation, see the "Compensation Discussion And Analysis" beginning on page 26.

In addition, the Compensation Committee also reviews and makes recommendations as necessary to provide for orderly succession and transition in the senior management of the Company and receives reports and makes recommendations with respect to minority and female recruitment, employment and promotion. The Compensation Committee also oversees and makes recommendations to the Board with respect to compliance with the Employee Retirement Income Security Act of 1974 ("ERISA"), and reviews and makes recommendations with respect to benefit plans and plan amendments, the selection of plan trustees and the funding policy and contributions to the funded plans, and reviews the performance of the funded plans. Each of the members of the Compensation Committee is "independent" as defined in the New York Stock Exchange's listing standards, meets the "outside director" criteria of Section 162(m) of the Internal Revenue Code, and the "Non-Employee" Director criteria of Rule 16b-3 under the Securities Exchange Act of 1934.

Operations Oversight Committee

The Operations Oversight Committee, composed of five non-management Directors (currently Mr. Ranger, Chair, Mr. Burke, Dr. Campbell, Ms. Futter, and Mr. Olivera), oversees the Company's efforts relating to the Company's operating systems and their impact on the customer. The Operations Oversight Committee also reviews significant issues identified by the Company relating to the Company's subsidiaries' operating systems and their impact on the customer and their compliance with laws and regulations and the Company's corporate policies and procedures, as may be necessary or appropriate. Additionally, the Operations Oversight Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program. The Operations Oversight Committee held five meetings in 2014.

Planning Committee

The Planning Committee, composed of four non-management Directors (currently Ms. Piñero, Chair, Mr. Burke, Ms. Futter, and Ms. Sanford), reviews and makes recommendations to the Board regarding long-range planning for the Company. Additionally, the Planning Committee oversees the Company's management of risks, relating to its duties and responsibilities that have been identified through the Company's enterprise risk management program. The Planning Committee held three meetings in 2014.

COMPENSATION CONSULTANT DISCLOSURE

The Compensation Committee has retained Mercer, a wholly-owned subsidiary of Marsh & McLennan, to assist it with its responsibilities related to the Company's executive compensation programs and the Corporate Governance and Nominating Committee has retained Mercer to assist it with its responsibilities related to the Director compensation program, including the design and structure of the Company's long term incentive plan. Mercer's fees for executive and director compensation consulting to the committees in 2014 were approximately \$877,000.

During 2014, the Company retained Marsh & McLennan affiliates (other than Mercer) to provide services, unrelated to executive compensation. These services were approved by the Company's management. The aggregate fees paid for these other services, which include litigation and auction services, were approximately \$137,500.

The Compensation Committee considered the independence of Mercer under the rules of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange. The Compensation Committee concluded that the services provided by the Marsh & McLennan affiliates (other

than Mercer) did not raise any conflicts of interest and did not impair Mercer's ability to provide independent advice to the Compensation Committee concerning executive or director compensation matters.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Calarco, Dr. Campbell (Chair), Mr. Del Giudice, Mr. Killian and Mr. Sutherland were on the Company's Compensation Committee during 2014. The Company believes that there are no interlocks with the members who serve on the Compensation Committee.

Chair of Corporate Governance Committee Retainer	\$ 10,000
Chair of Management Development and Compensation Committee Retainer	\$ 15,000

Equity (deferred stock units)	\$120,000

In 2014, the Company reimbursed Board members who were not employees of the Company for reasonable expenses incurred in attending Board and Committee meetings. No person who served on both the Company Board and on the Board of its subsidiary, Con Edison of New York, and corresponding Committees, was paid additional compensation for concurrent service. Members of the Board who were employees of the Company or its subsidiaries received no retainer or meeting fees for their service on the Board.

The Company has stock ownership guidelines for Directors under which each Director is to own shares with a value equal to four times the annual director retainer (not including committee and/or committee chair fees) paid to such Director during the previous fiscal year.

Members of the Board participate in the long term incentive plan. Pursuant to the long term incentive plan, each non-employee Director then serving was allocated an annual award of \$120,000 of deferred stock units on the first business day following the 2014 Annual Meeting. If a non-employee Director is first appointed to the Board after an annual meeting, his or her first annual award will be pro rated. Settlement of the 2014 annual awards of stock units were automatically deferred until the Director's termination of service from the Board of Directors. Each Director may elect to receive some or all of his or her 2014 annual awards of stock units on another date or to further defer any other prior annual award of stock units, including any related dividend equivalents earned on prior annual award of stock units, in accordance with the terms of the long term incentive plan and Section 409A of the Internal Revenue Code. Each non-employee Director may also elect to defer all or a portion of his or her 2014 retainers and meeting fees into additional deferred stock units, which are deferred until the Director's termination of service. Dividend equivalents are payable on 2014 deferred stock units in the amount and at the time that dividends are paid on Company Common Stock and are credited in the form of additional deferred stock units which are fully vested as of the date the dividends would have been paid to the Director or, at the Director's option, are paid in cash. All payments on account of deferred stock units will be made in shares of Company Common Stock. The long term incentive plan provides that cash compensation deferred into stock units, the annual stock unit awards, and the dividend equivalents granted to non-employee Directors that are credited in the form of additional deferred stock units, are fully vested, and payable in a single one-time payment of whole shares (rounded to the nearest whole share) within 60 days following separation from Board service unless the director elected to defer distribution to another date.

Directors are eligible to participate in the stock purchase plan, which is described in Note M to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

INTRODUCTION

This section of the Proxy Statement provides management’s discussion and analysis of the Company’s 2014 executive compensation program (the “executive compensation program”). The executive compensation program covers the Company’s Named Executive Officers who are:

- John McAvoy, Chairman, President and Chief Executive Officer
- Robert Hogle, Senior Vice President and Chief Financial Officer
- Craig Ivey, President, Con Edison of New York
- William Longhi, President, Shared Services, Con Edison of New York
- Elizabeth D. Moore, Senior Vice President and General Counsel

EXECUTIVE SUMMARY

The Company’s executive compensation program is designed to assist in attracting and retaining key executives critical to its long-term success, to motivate these executives to create value for its stockholders, and to provide safe, reliable, and efficient service for its customers. The Compensation Committee, with the assistance of its independent compensation consultant, seeks to provide base salary and performance-based compensation that includes target annual cash incentive compensation and target long-term equity-based incentive compensation. Compensation is designed to align pay to performance and be competitive with the median level of compensation provided by the Company’s compensation peer group. (See “*Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention*” on pages 28 to 29 and “*Executive Compensation Actions—Compensation Peer Group*” on page 32.)

The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer’s target total direct compensation to motivate strong annual and multi-year Company performance. Additionally, the Compensation Committee believes that most of the performance-based compensation should be in the form of long-term, rather than annual incentives, to emphasize the importance of sustained Company performance. Each year, the Compensation Committee evaluates the level of compensation, the mix of base salary, performance-based compensation, and retirement and welfare benefits provided to each Named Executive Officer.

Features of the Executive Compensation Program

Type	Component	Objective
Performance-Based Compensation	Annual Incentive Compensation	Achievement of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.
	Long-Term Incentive Compensation	Achievement, over a multi-year period, of financial and operating objectives critical to the performance of the Company’s business plans and strategies. Achievement, over a three-year period, of the Company’s cumulative total shareholder return relative to the Company’s compensation peer group.
Fixed Compensation & Benefits	Base Salary Retirement Programs Benefits and Perquisites	Differentiate base salary based on individual responsibility and performance. Provide retirement and other benefits that reflect the competitive practices of the industry and provide limited and specific perquisites.

Governance Features

The Company is committed to maintaining strong compensation governance practices to support the pay-for-performance philosophy of the executive compensation program and align the executive compensation program with the long-term interests of the Company’s stockholders:

- **Pay Practices.** The Company has no employment agreements, no golden parachute excise tax gross-ups, and no individually negotiated equity awards with special treatment upon a change of control.

- **Long-Term Incentive Compensation.** The 2013 Long Term Incentive Plan: (i) prohibits the repricing of stock options or the buyout of underwater options without stockholder approval; (ii) prohibits recycling of shares for future awards except under limited circumstances; (iii) prohibits accelerated vesting of outstanding equity awards except if both a change in control occurs and a participant’s employment is terminated under certain circumstances; and (iv) caps the maximum number of shares that may be awarded to a director, officer, or eligible employee in a calendar year.
- **Long-Term Incentive Mix.** All Named Executive Officer long-term incentive compensation is performance-based. Based on proxy statements filed in 2014, half of the Company’s compensation peer group granted some form of non-performance-based awards to their named executive officers. (See “Executive Compensation Philosophy and Objectives—Pay-Performance Alignment, Target Total Direct Compensation Mix, and Long-Term Incentive Mix” on page 31.)
- **Risk Management.** The following features of the Company’s compensation programs mitigate risk:
 - i Annual and long-term incentives under the Company’s compensation programs are balanced between annual and long-term financial performance goals that are expected to enhance stockholder value.
 - i Annual and long-term incentives are tied to several performance goals to reduce undue weight on any one goal.
 - i Non-financial performance factors are used in determining the actual payout of annual incentive compensation as a counterbalance to financial performance goals.
 - i The Company’s compensation programs are designed to deliver a significant portion of compensation in the form of long-term incentives, discouraging excessive focus on annual results.
 - i Performance-based equity awards are focused on sustainable performance over a three-year cycle rather than any one year.
 - i Maximum awards under annual and long-term incentive plans are subject to payment caps and the Compensation Committee retains discretion to reduce payouts.
- **Stock Ownership Guidelines.** Stock ownership guidelines for directors and certain officers, including the Named Executive Officers, encourage a long-term commitment to

the Company's sustained performance through stock ownership. (See "Director Compensation" on page 20 and "Stock Ownership Guidelines" on page 42.)

- **No Hedging and Pledging.** To encourage a long-term commitment to the Company's sustained performance, the Company prohibits all officers, financial personnel, and certain other individuals from shorting, hedging, and pledging Company securities or holding Company securities in a margin account. (See "No Hedging and Pledging" on page 42.)
- **Recoupment Policy.** The Company's compensation recoupment policy applies to all officers of the Company and its subsidiaries for incentive-based compensation and is intended to reduce potential risks associated with its executive compensation program and align the long-term interests of officers and stockholders. (See "Recoupment Policy" on page 42.)

Advisory Vote and Stockholder Engagement

In 2014, the Company held an advisory vote to approve Named Executive Officer compensation, as set forth in the 2014 proxy statement, and 93.9% of the shares voted were voted "for" the proposal.

The Company discussed with stockholders, investment firms, and institutional stockholders (via teleconference and in person) the design of the executive compensation program, disclosure practices, corporate governance, and the results of the most recent advisory vote to approve named executive officer compensation.

- **Long-Term Incentives.** In 2014, the Compensation Committee, in consultation with its independent compensation consultant, made certain design changes to the performance goals attributable to the 2014 performance unit awards. These changes better align long-term executive compensation with Company performance, by replacing performance goals in the long-term incentive plan that were linked to the annual incentive plan with three-year cumulative adjusted earnings per share and multi-year operating objectives. These changes also apply to the 2015 performance unit awards.

The Compensation Committee continues to use "Shareholder Return Percentage" (the cumulative change in the Company's total shareholder returns over the three-year

performance period compared with the Company's compensation peer group as constituted on the date the performance units are awarded) as a performance goal.

For 2014 and 2015 performance unit awards, the target number of performance units that may be earned will be based on the satisfaction of the following performance goals: (i) 50% Shareholder Return Percentage; (ii) 30% cumulative adjusted earnings per share ("Adjusted EPS"); and (iii) 20% operating objectives.

Long-term incentive awards to the Company's executive officers, including the Named Executive Officers continue to be 100% performance-based and at risk.

- **Annual Incentives.** In 2015, the Compensation Committee, in consultation with its independent compensation consultant, strengthened the link between Named Executive Officer compensation and performance by making certain annual incentive plan performance goals more challenging and reducing the maximum payout for achieving operating objectives from 200% to 175% of target. The changes to the operating objectives and the weightings earned for the annual incentive plan will be in effect for the 2015 annual incentive awards.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

The Compensation Committee's philosophy and objectives governing the development and implementation of the executive compensation program are to provide competitive, performance-based compensation. There are no material differences in the Company's compensation policies for each Named Executive Officer.

Competitive Positioning—Attraction and Retention

The executive compensation program is designed to attract and retain key executives critical to the Company's long-term success. The Compensation Committee seeks to provide base salary, target annual cash incentive awards, and target long-term equity-based incentive award values that are competitive with the median level of compensation provided by the Company's compensation peer group. (See "Executive Compensation Actions—Compensation Peer Group" on page 32.) The Company also seeks to provide retirement and other benefits that are competitive with those provided by the industry and to provide limited and specific perquisites.

In 2014, the Named Executive Officers' target total direct compensation compared to the Company's compensation peer group median was as follows:

	Company Target Compensation as a Percentage of Compensation Peer Group Median Target			
	Target Total Cash Compensation (Base Salary + Target Annual Incentive)	Target Long-Term Incentive Compensation	Target Total Direct Compensation	
John McAvoy Chairman, President, and Chief Executive Officer ⁽¹⁾	95%	90%	78%	81%
Other Named Executive Officers (Average) ⁽²⁾	103%	99%	100%	98%

Footnotes:

- (1) Based on comparisons to compensation for chief executive officers of each of the Company's compensation peer group companies as disclosed in proxy statements filed in 2014.
- (2) Based on comparisons to compensation for functionally comparable positions at the Company's compensation peer group companies as disclosed in proxy statements filed in 2014 for the positions held by Mr. Hoglund, Mr. Ivey, and Ms. Moore. Compensation for Mr. Longhi, for which functionally comparable positions at the Company's compensation peer group companies were not available, was compared to compensation to the fourth highest paid executive at each of the Company's compensation peer group companies.

Pay-Performance Alignment, Target Total Direct Compensation Mix, and Long-Term Incentive Mix

The executive compensation program is designed to motivate the Company's executive officers to create value for its stockholders and provide safe, reliable and efficient service for its customers. The Compensation Committee seeks to balance the target total direct compensation of each Named Executive Officer between base salary (fixed compensation) and annual cash incentive compensation and long-term equity-based incentive compensation (performance-based compensation).

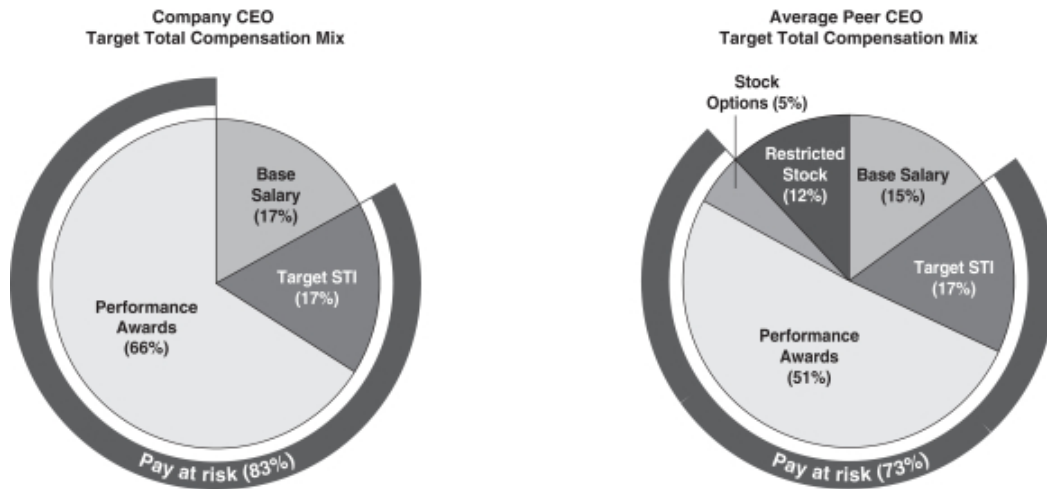

The Compensation Committee believes that fixed compensation should recognize each Named Executive Officer's individual responsibility and performance. The Compensation Committee believes that performance-based compensation should represent the most significant portion of each Named Executive Officer's target total direct compensation to motivate strong annual and multi-year Company performance. The Compensation Committee also believes that most of the performance-based compensation targeted to each Named Executive Officer should be in the form of long-term, rather than annual, incentives, to emphasize the importance of sustained Company performance.

The target annual cash incentive and target long-term equity-based incentive awards made to each Named Executive Officer reflect the Compensation Committee's desired balance between these elements, relative to the base salary paid to each executive. Awards under the Company's annual incentive plan are based on achieving financial and operating objectives critical to the performance of the Company's businesses. Awards under the Company's long term incentive plan are based on achieving financial and operating objectives critical to the Company's business plans and strategies and the Company's total shareholder return relative to the total shareholder return for the Company's compensation peer group over a three-year period.

As shown in the charts for 2014, the mix of target total direct compensation for the Named Executive Officers meets the Compensation Committee's objectives: each is weighted heavily toward performance-based compensation, with the largest portion delivered in long-term incentives, and the target total direct compensation mix of the Named Executive Officers is in line with that of the Company's compensation peer group.

The following charts illustrate the average mix of target total direct compensation for Mr. McAvoy and for chief executive officers in the Company's compensation peer group for 2014:

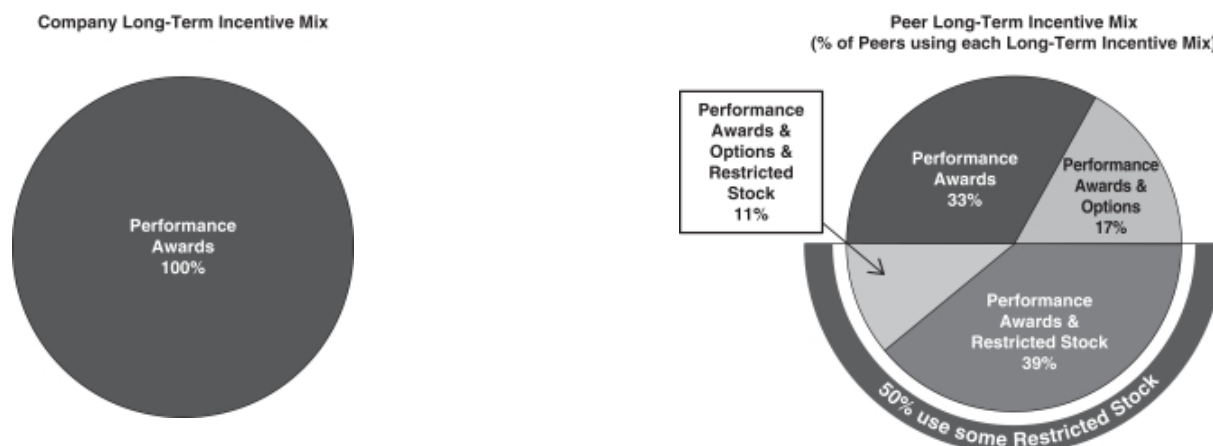

The following charts illustrate the average mix of target total direct compensation for the other Named Executive Officers and other named executive officers in the Company's compensation peer group for 2014 (see footnote 2 to the table in "Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention" on page 29):

The following charts illustrate that all Named Executive Officer long-term incentive compensation is performance-based. Based on proxy statements filed in 2014, half of the Company's compensation peer group granted some form of non-performance-based awards to their named executive officers:

Determining Performance Goals

The Compensation Committee chooses performance goals under the annual incentive and the long-term incentive plans to support the Company's short- and long-term business plans and strategies. In setting the performance goals, the Compensation Committee considers the Company's annual and long-term business plans and certain other factors, including pay-for-performance alignment, economic and industry conditions, and the pay practices of the compensation peer group. The Compensation Committee sets challenging, but achievable, goals for the Company and its executives to drive the achievement of short- and long-term objectives.

ROLE OF THE COMPENSATION COMMITTEE AND OTHERS IN DETERMINING EXECUTIVE COMPENSATION

Compensation Committee's Role

The role of the Compensation Committee is to establish and oversee the Company's executive compensation and retirement and welfare benefit plans and policies, administer its equity plans and annual incentive plan and review and approve annually all compensation relating to the Named Executive Officers. All of the decisions with respect to determining the amount or form of compensation of the Named Executive Officers under the executive compensation program are made by the Compensation Committee.

Management's Role

The role of the Company's chief executive officer with respect to determining the amount or form of the compensation of the

other Named Executive Officers is to provide recommendations to the Compensation Committee. The chief executive officer is not present when the Compensation Committee determines his compensation. The chief executive officer considers the following in making his recommendations:

- individual performance of the other Named Executive Officers;
- the other Named Executive Officer's contribution toward the Company's long-term performance;
- the scope of their individual responsibilities; and
- compensation peer group proxy statement data provided by the Compensation Committee's independent compensation consultant.

The Company's Human Resources department also supports the Compensation Committee in its work.

Compensation Consultant's Role

The Compensation Committee has the authority under its charter to hire advisors to assist it in its compensation decisions. It has retained Mercer as its independent compensation consultant to provide information, analyses, and objective advice regarding executive compensation. The Compensation Committee periodically meets with Mercer in executive session to discuss compensation matters. The Compensation Committee's decisions reflect factors and considerations in addition to the information and advice provided by Mercer. A discussion of Mercer's role as the Compensation Committee's independent compensation consultant is set forth in the section titled "The Board of Directors—Standing Committees of the Board" on page 18.

EXECUTIVE COMPENSATION ACTIONS

Compensation Peer Group

For 2014, the Compensation Committee used a compensation peer group of publicly-traded utility companies of comparable size and scope to that of the Company. The Compensation Committee annually reviews the composition of the compensation peer group and the impact of acquisitions. For 2014, the Compensation Committee did not make any changes to the compensation peer group. The Company's 2013 revenues approximated the 50th percentile of the compensation peer group. The purpose of the compensation peer group is to provide benchmark information on compensation levels provided to the Company's officers, as well as to measure relative total shareholder returns for the vesting of performance-based equity awards.

For 2014, the Company's compensation peer group consisted of the following companies:

Company Name	2013 Revenue ⁽¹⁾ (in millions)
Exelon Corporation	\$ 24,888
Duke Energy Corporation	\$ 24,549
The Southern Company	\$ 17,087

Footnote:

(1) Source: Standard & Poor's Research Insight (represents net revenues, restated if applicable).

For 2015, the Compensation Committee made the following changes to the compensation peer group:

- Exelon Corporation was removed due to the size of its unregulated operations, its large size, and its pending merger with Pepco Holdings, Inc.
- Pepco Holdings, Inc. was removed due to its small size and its pending merger with Exelon Corporation.
- Eversource Energy (formerly known as Northeast Utilities) was added because of its mix of business and size.

Base Salary

A portion of each Named Executive Officer's annual cash compensation is paid in the form of base salary. Base salary is reviewed annually to recognize individual performance, as well as at the time of a promotion or other change in responsibilities.

In setting base salary for the Named Executive Officers, including the chief executive officer, the Compensation Committee considers various factors, including:

- Recommendations from the chief executive officer for the other Named Executive Officers;
- A general assessment of each Named Executive Officer's performance of his or her responsibilities; and
- The level of base salary compared to executives holding equivalent positions in the Company's compensation peer group.

Effective February 1, 2014, base salary merit increases for the Named Executive Officers as a group, excluding Mr. McAvoy, increased by an average of 4.6%. The 2014 base salary of each Named Executive Officer is set forth in the "Salary" column of the Summary Compensation Table on page 44. Mr. McAvoy became President and Chief Executive Officer at the end of 2013. Pursuant to his employment offer letter, Mr. McAvoy received an initial base salary of \$1,140,000. His salary was not increased in 2014.

Annual Incentive Compensation

Awards

A significant portion of the annual cash incentive compensation paid to the Named Executive Officers directly relates to the Company's financial and operating performance, factors that the Compensation Committee believes influence stockholder value.

Individual performance is considered in setting annual cash incentive compensation through the establishment by the Compensation Committee of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.

Potential Awards

For 2014, the Compensation Committee set the range of the award that each Named Executive Officer was eligible to receive under the annual incentive plan after considering various factors, including:

- Recommendations from the chief executive officer for the other Named Executive Officers.
- A general assessment of each Named Executive Officer's performance of his or her responsibilities.
- The level of annual incentive compensation compared to executives in the Company's compensation peer group. (See footnote 2 to the table in "Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention" on page 29.)

The range of awards included threshold, target and maximum levels reflecting differing levels of achievement of the various financial and operating objectives. Awards are scaled to reflect relative levels of achievement of the objectives between the threshold, target and maximum levels. The range of each Named Executive Officer's potential award is set forth in the Grants of Plan-Based Awards Table on page 46. Awards under the annual incentive plan are designed to provide a competitive level of compensation if the Named Executive Officers achieve the target financial and operating objectives. Pursuant to the terms of the annual incentive plan, the Compensation Committee has discretion to adjust (upward or downward) the annual incentive award to be paid to each Named Executive Officer.

Awards under the annual incentive plan are calculated as follows:

$$\text{Base Salary} \times \text{Target Percentage} \\ \times \text{Weighting Earned}$$

"Base Salary" is the annual base salary of the Named Executive Officer as of the end of the year to which the annual incentive award relates, and is determined as discussed under the caption "Executive Compensation Actions—Base Salary" on page 32 and is shown on the "2014 Annual Incentive Awards" table on page 36.

"Target Percentage" is a percentage of Base Salary that varies based on the Named Executive Officer's position as follows:

	Target Award as a Percentage of Base Salary
John McAvoy Chairman, President and Chief Executive Officer	100%
Craig Ivey President, Con Edison of New York	80%
William Longhi President, Shared Services, Con Edison of New York	80%
Robert Hoglund Senior Vice President and Chief Financial Officer	50%
Elizabeth D. Moore Senior Vice President and General Counsel	50%

"Weighting Earned" is the sum of the weightings earned for the following components: adjusted net income, other financial objectives, and operating objectives. For each Named Executive Officer, target weightings, totaling 100%, are assigned for each component as follows: adjusted net income (50%), other financial objectives (20%), and operating objectives (30%). Weightings earned may vary from zero to 200% of each of the component target weightings, reflecting achievement of the applicable objectives.

Financial Objectives

The financial objectives under the annual incentive plan were selected as indicative of the Company's success during the year. For 2014, the financial objectives consisted of "adjusted net income" and "other financial performance" components.

The "adjusted net income" component, reflecting the financial results of the Company's business for which its Named Executive Officers are responsible and accounting for 50% of each Named Executive Officer's potential annual incentive award, as shown on the "Achievement of 2014 Financial and Operating Objectives" table on page 36, was comprised of "Adjusted Company Net Income" and "Adjusted Regulated Net Income." "Adjusted Company Net Income" is the Company's net income as reported under general accounting principles in the Company's financial statements excluding the impact of certain items. (See footnote (1) to the following table.) "Adjusted Regulated Net Income" is net income as reported under general accounting principles in the financial statements of Con Edison of New York and Orange & Rockland.

For 2014, target adjusted net income and actual adjusted net income were as follows:

	Target	Actual	Performance Relative to Target
	(in millions)		
Adjusted Company Net Income ⁽¹⁾	\$1,099	\$1,139.8	103.7%
Adjusted Regulated Net Income	\$1,093	\$1,117.7	102.3%

Footnote:

(1) Excluded the impact of: the sale of solar electric production projects—\$26 million after-tax gain; the lease in/lease out (LILO) transactions—\$1 million after-tax charge; and net mark-to-market effects of the competitive energy businesses—\$73 million after-tax charge.

If actual adjusted net income for 2014 had been less than or equal to 90% of the target adjusted net income, no annual incentive awards would have been made.

The weightings earned for the 50% “adjusted net income” component were determined based upon the following scale:

Performance Relative to Performance Goal	Weighting Earned ⁽¹⁾
³ 110%	100%
(Target) 100%	50%
£ 90%	0%

Footnote:

(1) The weightings earned, which were interpolated for actual performance between performance goals, are shown on the “Achievement of 2014 Financial and Operating Objectives” table on page 36.

The “*other financial performance*” component, reflecting the Company’s business for which its Named Executive Officer are responsible and accounting for 20% of each Named Executive Officer’s potential annual incentive award, as shown on the “Achievement of 2014 Financial and Operating Objectives” table on page 36, was comprised of one or more of the Con Edison of New York and Orange & Rockland budgets, or objectives for the competitive energy businesses relating to operations and maintenance expense, capital expenditures, dividend payout and value at risk exposure.

Con Edison of New York’s “other financial performance” component is allocated 10% for capital budget performance and up to 10% for operating budget performance, subject to a maximum 25% upward or downward adjustment based on the achievement of pre-established performance goals for 25 capital projects and 12 operating and maintenance programs, respectively. The performance goals for the capital projects consist of completion milestones and cost, and, for the operating and maintenance programs, the number of units completed and cost per unit. Orange & Rockland’s and the competitive energy businesses’ “other financial performance” component is up to 1% each.

The target budgets and actual expenditures for 2014 were:

	Target (in millions)	Actual (in millions)	Performance Relative to Target
Con Edison of New York			
Operating Budget	\$ 1,371.0	\$ 1,384.4	101.0%
Capital Budget	\$ 2,221.0	\$ 2,119.5	95.4%
Orange & Rockland			
Operating Budget	\$ 189.5	\$ 187.7	99.1%

The weightings earned for Con Edison of New York’s and Orange & Rockland’s “other financial performance” component were determined based upon the following scales:

Con Edison of New York Performance Relative to Operating Budget Goal	Weighting Earned for Mr. McAvoy, Mr. Hoglund, and Ms. Moore ⁽¹⁾	Weighting Earned for Mr. Ivey ⁽¹⁾	Weighting Earned for Mr. Longhi ⁽¹⁾

In 2014, the Company achieved pre-established performance goals for 10.5 out of 12 operating and maintenance programs, as a result of which the weighting earned was not adjusted.

Operating Objectives

The "operating objectives" component, reflecting the responsibilities of the Named Executive Officer and accounting for 30% of each Named Executive Officer's potential annual incentive award, as shown on the "Achievement of 2014 Financial and Operating Objectives" table on page 36, was comprised of a number of key indicators that guide Con Edison of New York, Orange & Rockland, and the competitive energy businesses to serve their customers in a safe, reliable, and efficient manner. Each of the operating objectives include specific, pre-established, targets that encourage superior performance in multiple areas that impact the day-to-day operations of the Company's businesses.

Con Edison of New York's operating objectives for 2014, accounting for up to 30%, are shown in the following table. In addition, operating objectives are used for Orange & Rockland (accounting for up to 1%) that are similar to the operating objectives used for Con Edison of New York. Operating objectives for the competitive energy businesses (accounting for up to 1%) include those that are important to the success of their business: (i) gross margins; (ii) retail sales and collections; and (iii) financial, regulatory controls, and business development objectives.

The weightings earned for Con Edison of New York's "operating objectives" component were determined based upon the following scales:

(1) The weightings earned, which were based on actual performance between performance goals, are shown on the "Achievement of 2014 Financial and Operating Objectives" table on page 36. In 2014, the weighting earned could vary from zero to 200% of the component target weighting. The Company achieved 13 out of the 14 operating objectives resulting in a weighting earned of 175% of the component target weighting. For 2015, target performance will be 11 out of 14 operating objectives and the weighting earned may vary from zero to 175% of the component target weighting.

2014 Annual Incentive Awards

In February 2015, the Compensation Committee evaluated and determined whether the applicable financial and operating objectives were satisfied. In assessing performance against the objectives, the Compensation Committee considered actual results achieved against the specific targets associated with each objective and, based on the results, determined the 2014 annual incentive awards. The Compensation Committee did not exercise discretion to adjust (upward or downward) the annual incentive award to be paid to each Named Executive Officer.

The following table shows the calculation of the 2014 annual incentive awards for each Named Executive Officer.

Name & Principal Position	Base Salary	x	Target Percentage	x	Weighting Earned	=	2014 Award
John McAvoy Chairman, President and Chief Executive Officer	\$1,140,000		100%		150.1%		\$1,711,100

Long-Term Incentive Compensation

Awards

Named Executive Officers are eligible to receive equity-based awards under the Company's long term incentive plan. The Compensation Committee determines the target long-term incentive award value for each Named Executive Officer based on various factors, including:

- recommendations from the chief executive officer for the other Named Executive Officers;
- a general assessment of each Named Executive Officer's performance of his or her responsibilities; and
- level of long-term incentive compensation compared to executives in the Company's compensation peer group. (See footnote 2 to the table in "Executive Compensation Philosophy and Objectives—Competitive Positioning—Attraction and Retention" on page 29.)

Performance-Based Equity Awards

It is the Compensation Committee's practice in the first quarter of each year to approve performance-based equity awards under the long term incentive plan for the Company's Named Executive Officers. The Compensation Committee's use of performance-based equity awards is intended to further reinforce the alignment of Named Executive Officer pay opportunities with stockholders by directly linking pay to the achievement of strong, sustained long-term financial and operating performance.

The performance units (which, for awards prior to 2014, were referred to as performance restricted stock units) awarded to Named Executive Officers provide for the right to receive one share of Company Common Stock and/or a cash payment equal to the fair market value of one share of Company Common Stock for each unit awarded, subject to the satisfaction of certain pre-established long-term performance objectives. Named Executive Officers may elect to defer the receipt of the cash value of the award into the Company's supplemental plan and/or to defer the receipt of the shares. Dividends are not paid and do not accrue on the units during the vesting period.

2014 Performance Unit Awards

The number of performance units awarded to the Named Executive Officers in 2014 for the 2014-2016 performance period is shown in the Grants of Plan-Based Awards Table on

page 46. Payouts of performance units, if any, are calculated by a non-discretionary formula as follows:

$$\begin{aligned} & \text{Award X 30\% X Adjusted EPS Percentage} \\ & \text{plus} \\ & \text{Award X 20\% X Operating Objectives Percentage} \\ & \text{plus} \\ & \text{Award X 50\% X Shareholder Return Percentage} \end{aligned}$$

"Award" is the annual award of performance units under the long term incentive plan. The target award of performance units is a percentage of base salary that varies based on each Named Executive Officer's position as follows:

	Target Award as a Percentage of Base Salary
John McAvoy Chairman, President and Chief Executive Officer	375%
Craig Ivey President, Con Edison of New York	250%
William Longhi President, Shared Services, Con Edison of New York	200%
Robert Hogleund Senior Vice President and Chief Financial Officer	200%
Elizabeth D. Moore Senior Vice President and General Counsel	150%

"Adjusted EPS Percentage" is the payout relative to target over the performance period beginning January 1, 2014 and ending December 31, 2016 based on attainment of the Company's three-year cumulative Adjusted EPS performance goal, set forth below, that was established in the first quarter of 2014.

Three-Year Cumulative Adjusted EPS (weighting 30%)		
Performance Relative to Target	Performance Goal	Payout Relative to Target ⁽¹⁾
³ 112%	³ \$ 13.14	200%
(Target) 100%	\$ 11.73	100%
< 88%	< \$ 10.32	0%

Footnote:
(1) Payouts are interpolated for actual performance between performance goals.

“Operating Objectives Percentage” is the payout relative to target over the performance period beginning January 1, 2014 and ending December 31, 2016 based on the attainment of the Company’s operating performance goals, set forth below, that were established in the first quarter of 2014. These performance goals further long-term reliability and foster environmental sustainability.

Operating Objectives	Performance Goals ⁽¹⁾		
	Threshold	Target	Maximum
System Hardening and Resiliency Projects (Weighting 10%)	< 83	93	³ 103
Growth in Renewable Portfolio (Weighting 5%)	< 50% of Target	39 MW (AC) ⁽²⁾	³ 150% of Target
SF6 Gas Emissions Pounds of Gas Emitted (Weighting 2.5%)	> 51,750	45,000	£ 38,250
Opacity Occurrences Number of Occurrences (Weighting 2.5%)	> 207	180	£ 153

Footnotes:

- (1) Payouts are relative to “Target” and are as follows: Threshold: 0%; Target: 100%; and Maximum: 150%. Payouts are interpolated for actual performance between performance goals.
 (2) The Compensation Committee approves annual plan levels on a three-year cumulative basis, 2014-2016.

“Shareholder Return Percentage” is the payout relative to target based on the cumulative change in Company total shareholder return over the performance period beginning January 1, 2014 and ending December 31, 2016 compared with the Company’s compensation peer group as constituted on the date the performance units were granted in 2014. In the event that the companies that make up the compensation peer group change during the performance period, the Compensation Committee will use the compensation peer group as constituted on the date the performance unit awards are granted. If a company ceases to be publicly traded before the end of the performance period, that company’s total shareholder returns will not be used to calculate the total shareholder return portion of the performance unit awards.

The Compensation Committee believes that total shareholder return is a performance goal that aligns executive compensation with the creation of stockholder value.

The level of performance units will be earned as follows:

Company Percentile Rating	Payout Relative to Target ⁽¹⁾
90 th or greater	200%
(Target) 50 th	100%
25 th	25%
Below 25 th	0%

Footnote:

- (1) Payouts are interpolated for actual performance between performance goals.

The actual payout of the performance unit awards to the Named Executive Officers for the 2014-2016 performance period may vary from zero to a maximum of 190% of such award, based on actual performance over the performance period. The maximum payout of the performance unit awards represents the weighted average of the maximum percentage payout under each of the performance objectives: (i) Shareholder Return Percentage (200%), (ii) Adjusted EPS Percentage (200%), and (iii) Operating Objectives Percentage (150%).

The Compensation Committee may exercise negative discretion to adjust the actual performance unit awards to be paid to a Named Executive Officer.

Calculation of Payout of 2012 Performance Restricted Stock Unit Awards

Following the end of the relevant performance period for each outstanding performance restricted stock unit award, the Compensation Committee reviews the Company’s achievement of the performance goals. The Compensation Committee evaluates and approves the Company’s performance relative to target and pays out the performance restricted stock units in either cash and/or shares of Company Common Stock (as elected by the Named Executive Officer) based on the attainment of the performance goals.

For the 2012-2014 performance period, payouts of the performance restricted stock units were calculated based on the following non-discretionary formula:

**Award X 50% X Shareholder Return Percentage
plus
Award X 50% X Incentive Plan Percentage**

“Award” was the annual award of performance restricted stock units under the long term incentive plan. The target award of performance restricted stock units was a percentage of base salary that varied based on each Named Executive Officer’s position at the time of the award, as follows:

	Target Award as a Percentage of Base Salary
John McAvoy Chairman, President and Chief Executive Officer ⁽¹⁾	100%
Craig Ivey President, Con Edison of New York	250%
William Longhi President, Shared Services, Con Edison of New York	200%
Robert Hogle Senior Vice President and Chief Financial Officer	200%
Elizabeth D. Moore Senior Vice President and General Counsel	150%

Footnote:
(1) Mr. McAvoy was Senior Vice President, Con Edison of New York at the time of the award.

“Shareholder Return Percentage” was the weighting earned based on the cumulative change in Company total shareholder return over the performance period that began January 1, 2012 and ended December 31, 2014 compared with the Company’s compensation peer group as constituted on the date the performance restricted stock units were granted in 2012.

The level of performance restricted stock units were calculated as follows:

Company Percentile Rating	Payout Relative to Target ⁽¹⁾
75 th or greater	150%
(Target) 50 th	100%
25 th	25%
Below 25 th	0%

Footnote:
(1) Payouts were interpolated for actual performance between performance goals.

“Incentive Plan Percentage” was based on the average calculated payouts under the Company’s annual incentive plan over the performance period that began January 1, 2012 and ended December 31, 2014.

The following table shows, for each Named Executive Officer, the calculation of the payout with respect to the performance restricted stock units for the 2012 – 2014 performance period:

Name & Principal Position	Award × 50%	×	Incentive Plan Percentage ⁽¹⁾	+	Award × 50%	×	Shareholder Return Percentage	=	2012-2014 Payout Total
John McAvoy Chairman, President and Chief Executive Officer	3,500		143.8%		3,500		0%		5,033

Craig Ivey President, Con Edison of New York	14,000		134.7%		14,000		0%		18,858
William Longhi President, Shared Services, Con Edison of New York	8,500		151.9%		8,500		0%		12,912
Elizabeth D. Moore Senior Vice President and General Counsel	7,100		135.9%		7,100		0%		9,649

Footnote:
(1) The calculated Incentive Plan Percentage for each year in the 2012–2014 performance period was as follows:

	2012	2013	2014
Mr. McAvoy	126.8%	154.6%	150.1%
Mr. Hogle and Ms. Moore	129.6%	127.9%	150.1%
Mr. Ivey	132.4%	129.5%	142.2%
Mr. Longhi	184.3%	128.9%	142.4%

RETIREMENT AND OTHER BENEFITS

The Company provides employees with a range of retirement and welfare benefits that reflects the competitive practices of the utility industry. These benefits assist the Company in attracting, retaining and motivating employees critical to its long-term success. Named Executive Officers are eligible for benefits under the following Company plans:

- Tax-qualified retirement plan and its related non-qualified supplemental retirement income plan (collectively, the “retirement plans”);
- Tax-qualified savings plan and its related non-qualified deferred income plan;
- Stock purchase plan; and
- Health and welfare plans.

Retirement Plans

The Company maintains a tax-qualified retirement plan that covers substantially all the Company’s employees. All employees, including Named Executive Officers, whose benefits under the plan are limited by the Internal Revenue Code, are eligible to participate in a non-qualified supplemental retirement income plan. The retirement plans and the estimated retirement benefits payable to the Named Executive Officers (determined on a present value basis) are described in the Pension Benefits Table and the narrative to the Pension Benefits Table on pages 49 to 50. No changes were made to the retirement plans in 2014 with respect to the Named Executive Officers.

As required by Securities and Exchange Commission rules, the “Change in Pension Value and Non-Qualified Deferred Compensation Earnings” column of the Summary Compensation Table on page 44 sets forth the year-over-year change in the actuarial present value of the accumulated pension benefits for each Named Executive Officer under the retirement plans. The Company did not provide above-market or preferential earnings with respect to the non-qualified deferred compensation arrangements in the years reported.

The change in the actuarial present value of an accumulated pension benefit is subject to many external variables, including fluctuations in interest rates and changes in actuarial assumptions, and does not represent actual compensation paid to the Named Executive Officers in 2014. Instead, the amounts represent changes in the estimated retirement benefits payable to the Named Executive Officers based on the year-over-year difference between the amounts required to be disclosed in the Pension Benefits Table on page 50 as of December 31, 2014 and the amounts reported in the Pension Benefits Table in the 2014 proxy statement on page 59.

The increase in the calculated estimated actuarial present value of Mr. McAvoy’s accumulated pension benefit in 2014 was \$3.7 million. More than half of that amount, \$2.1 million, was driven by changes in the actuarial assumptions for 2014, as compared to 2013, that were used to calculate the estimated present value of the Company’s projected pension benefit obligations for the Company’s financial statements. These changes in actuarial assumptions included a year-over-year decline in the discount rate from 4.80% to 3.90% and the impact of new mortality tables released by the Society of Actuaries projecting longer life expectancies. A lower discount rate and a longer life expectancy actuarial assumption produce a higher present value of accumulated pension benefit, but do not increase the amount of pension benefit that Mr. McAvoy will be paid following his retirement.

The remainder of the change in the present value of Mr. McAvoy’s accumulated pension benefit, \$1.6 million, was due primarily to his salary increase upon his promotion to chief executive officer in 2013. For retirement plan participants hired before January 1, 2001, including Mr. McAvoy, a “final average salary” formula is used to determine a participant’s pension benefit. The “final average salary” includes a participant’s highest average salary for the 48 consecutive months within the 120 consecutive months prior to retirement. (See narrative to the Pension Benefits Table on page 49.) Mr. McAvoy’s higher earnings as chief executive officer in 2014 replaced lower earnings during a portion of the 48 consecutive month “final average salary” period resulting in a higher “final average salary” pursuant to the pension formula.

Savings Plans

The Company maintains a tax-qualified savings plan that covers substantially all of the Company’s employees. All employees, including the Named Executive Officers, whose benefits under the plan are limited by the Internal Revenue Code, are eligible to participate in a deferred income plan, a non-qualified deferred compensation plan. Named Executive Officers may defer a portion of their salary into the deferred income plan. The deferred income plan is described in the narrative to the Non-Qualified Deferred Compensation Table on page 51. Company matching contributions allocated to the Named Executive Officers under the savings plan and deferred income plan are included in the “All Other Compensation” column of the Summary Compensation Table on page 44.

Employees who participate in the savings plan, including the Named Executive Officers, may contribute up to 50% of their compensation on a before-tax basis and/or an after-tax basis, into their savings plan accounts. For participating employees whose retirement plan benefit is based on the final average salary formula, including Messrs. McAvoy and Longhi, the Company matches 50% for each dollar contributed by such employees on the first six percent (6%) of their regular earnings. For participating employees whose retirement plan benefit is determined using the cash balance formula, including Messrs. Heglund and Ivey and Ms. Moore, the Company matches 100% for each dollar contributed by such employees on the first four percent (4%) of their regular earnings plus an additional 50% for each dollar contributed on the next four percent (4%) of their regular earnings. The final average salary formula and the cash balance formula under the retirement plan are described in the narrative to the Pension Benefits Table on page 49.

Pursuant to the Internal Revenue Code, effective for 2014, the savings plan limits the “additions” that can be made to a participating employee’s account to \$52,000 per year. “Additions” include Company matching contributions, before-tax contributions made by a participating employee under Section 401(k) of the Internal Revenue Code, and employee after-tax contributions. Of those additions, the maximum before-tax contribution was \$17,500 per year (or \$23,000 per year for certain participants age 50 and over). In addition, no more than \$260,000 of annual compensation may be taken into account in computing benefits under the savings plan.

Stock Purchase Plan

The stock purchase plan covers substantially all of the Company’s employees, including the Named Executive Officers, and provides the opportunity to purchase shares of Company Common Stock. The stock purchase plan is described in Note M to the financial statements in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

Health and Welfare Plans

Active employee benefits, such as medical, prescription drug, dental, vision, life insurance and disability coverage, are available to substantially all employees, including the Named Executive Officers, through the Company’s health and welfare benefits plans. Employees contribute toward the cost of the health plans by paying a portion of the premium costs on a pre-tax basis. Employees may purchase additional life insurance and disability coverage on an after-tax basis.

Officers, including the Named Executive Officers, may purchase supplemental health benefits on an after-tax basis with the option to continue their participation following retirement. The Company also provides all employees with paid time-off benefits, such as vacation and sick leave.

Perquisites and Personal Benefits

The Company provides certain officers, including the Named Executive Officers, with limited, specific perquisites that are competitive with industry practices. The Compensation Committee reviews the level of perquisites and personal benefits annually. The Company provides the following perquisites, the costs of which, if used by a Named Executive Officer in 2014, are set forth in the “*All Other Compensation*” column of the Summary Compensation Table on page 44:

- Supplemental health insurance;
- Reimbursement for reasonable costs of financial planning; and
- A company vehicle and, in the case of the chief executive officer, a company vehicle and driver.

Severance and Change of Control Benefits

The Company provides for the payment of severance benefits upon certain types of employment terminations. Providing severance and change of control benefits assists the Company in attracting and retaining executive talent and reduces the personal uncertainty that executives are likely to feel when considering a corporate transaction. These arrangements also provide valuable retention incentives that focus executives on completing such transactions, thus, enhancing long-term stockholder value. The compensation under the various circumstances that trigger payments or provision of benefits upon termination or a change of control was chosen to be broadly consistent with prevailing competitive practices.

Officers of the Company, including the Named Executive Officers, are provided benefits under the officers’ severance program. The severance benefits payable to each Named Executive Officer are described in footnotes 2 and 3 to the Potential Payments Upon Termination of Employment or Change of Control table on pages 53 to 54. The estimated severance benefits that each Named Executive Officer would be entitled to receive upon a hypothetical termination of employment are set forth in the applicable Potential Payments Upon Termination of Employment or Change of Control table beginning on page 53.

STOCK OWNERSHIP GUIDELINES

The Company has established the following stock ownership guidelines for certain officers:

Officer Title	Multiple of Base Salary
Chief Executive Officer	3 × base salary
Chief Financial Officer	2 × base salary
President of Con Edison of New York	2 × base salary
Executive Vice President	2 × base salary
President, Shared Services of Con Edison of New York	2 × base salary
President and Chief Executive Officer of Orange & Rockland	2 × base salary
Presidents of Consolidated Edison Development, Inc., Consolidated Edison Energy, Inc. and Consolidated Edison Solutions, Inc.	1 × base salary
General Counsel	1 × base salary
Senior Vice Presidents of Con Edison of New York	1 × base salary

Officers of the Company subject to the guidelines, including the Named Executive Officers, have five years from January 1st after their appointment to a covered title to meet the guidelines. In January 2015, it was determined that, as of December 31, 2014, these officers have either met their ownership milestones or are making reasonable progress towards their milestones.

The officers covered by the guidelines are expected to retain for at least one year a minimum of 25% of the net shares acquired upon exercise of stock options and 25% of the net shares acquired pursuant to vested restricted stock and restricted stock unit grants until their holdings of common stock equal or exceed their applicable ownership guidelines.

For purposes of the guidelines:

- “Stock ownership” includes the value of the officers’ individually-owned shares, vested restricted stock and restricted stock units, and shares held under the Company’s benefit plans.
- The one-year period is measured from the date the stock options are exercised or the restricted stock or restricted stock units vest, as applicable.
- “Net shares” means the shares remaining after sale of shares necessary to pay the related tax liability and, if applicable, exercise price.

NO HEDGING AND PLEDGING

To encourage a long-term commitment to the Company’s sustained performance, the Company’s policies prohibit all officers, including the Named Executive Officers, financial personnel, and certain other individuals from shorting, hedging, and pledging Company securities or holding Company securities in a margin account.

RECOUPMENT POLICY

In 2010, the Company adopted a Recoupment Policy. The Recoupment Policy allows the Company to recoup excess incentive-based compensation received by any current or former officer during the three-year period preceding the date on which the Company’s Audit Committee determines that the Company is required to prepare an accounting restatement due to the Company’s material noncompliance with any financial reporting requirement under the securities laws. The Recoupment Policy applies to the long-term incentive-based compensation awards under the Company’s long term incentive plan, and the incentive-based compensation payments made under the Company’s annual incentive plan.

TAX DEDUCTIBILITY OF PAY

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that the Company may deduct in any one year with respect to each of the Named Executive Officers, other than the chief financial officer, employed by the Company on the last day of the fiscal year. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. While the Compensation Committee considers the tax impact of Section 162(m), the Compensation Committee has determined that it is appropriate to maintain flexibility in compensating Named Executive Officers in a manner intended to promote varying corporate goals, recognizing that certain amounts paid to Named Executive Officers in excess of \$1 million may not be deductible under Section 162(m). Accordingly, while the Company strives to award executive compensation that meets the deductibility requirements, it may enter into compensation arrangements under which payments are not deductible on account of Section 162(m). For 2014, the Company estimates that \$909,000 of the compensation paid to Mr. McAvoy, \$1,413,000 of the compensation paid to Mr. Ivey, and \$949,000 of the compensation paid to Mr. Longhi was not deductible for federal income tax purposes.

**COMPENSATION RISK MANAGEMENT**

In 2014, the Compensation Committee asked Mercer to undertake a risk assessment of the Company's compensation programs to determine whether the Company's compensation policies and practices for employees, generally, would reasonably be expected to have a material adverse effect on the Company's risk management and create incentives that could lead to excessive or inappropriate risk taking by employees. The Compensation Committee also asked management to review the assessment. Based on Mercer's risk assessment findings, with which the Compensation Committee and management concur, the Company's compensation programs are not reasonably likely to have a material adverse effect on the Company's risk management or create incentives that could lead to excessive or inappropriate risk taking by employees.

Among the relevant features of the Company's compensation programs that mitigate risk are:

- a recoupment policy applicable to all Company officers with respect to incentive-based compensation;
- annual and long-term incentives under the Company's compensation programs are appropriately balanced between annual and long-term financial performance goals that are tied to key goals that are expected to enhance stockholder value;
- annual and long-term incentives are tied to several performance goals to reduce undue weight on any one goal;
- the use of non-financial performance factors in determining the actual payout of annual incentive compensation as a counterbalance to financial performance goals;
- the Company's compensation programs are designed to deliver a significant portion of compensation in the form of long-term incentives, discouraging excessive focus on annual results;
- the performance-based equity awards under the Company's compensation programs are based on performance over a three-year period, focusing on sustainable performance over a three-year cycle rather than any one year;
- maximum awards that may be paid out under annual and long-term incentive awards are subject to appropriate payment caps and the Compensation Committee retains discretion to reduce payouts; and
- to encourage a long-term commitment to the Company's sustained performance, the Company has adopted share ownership guidelines that further align the long-term interests of executives and stockholders, as well as restrictions on shorting, hedging, and pledging Company securities.

SUMMARY COMPENSATION TABLE

The following table sets forth certain information with respect to the compensation for the Named Executive Officers. For Mr. McAvoy, who became President and Chief Executive Officer on December 26, 2013, information for fiscal year ended December 31, 2012 is not provided because he was not a Named Executive Officer in that year.

Footnotes:

- (1) Dividends are not paid and do not accrue on awards during the vesting period. Amounts shown do not reflect the payment or accrual of dividends during the vesting period for any portion of the awards and otherwise reflect the assumptions used for the Company's financial statements. (See Note M to the financial statements in the Company's Annual Report on Form 10-K.) Actual value to be realized, if any, on awards by the Named Executive Officers will depend on the performance of Company Common Stock and the Named Executive Officer's continued service. The terms applicable to the performance unit awards granted for fiscal year 2014 are set forth on the Grants of Plan-Based Awards Table on page 46. Based on the fair value at grant date, the following are the maximum potential values of the performance units for the 2014-2016 performance period granted under the long term incentive plan assuming maximum level of performance is achieved: Mr. McAvoy \$5,806,185; Mr. Hoglund \$1,803,594; Mr. Ivey \$2,427,915; Mr. Longhi \$1,387,380; and Ms. Moore \$1,109,904.
- (2) The amounts paid were awarded under the annual incentive plan.
- (3) Amounts do not represent actual compensation paid to the Named Executive Officers. Instead the amounts represent the aggregate change in the actuarial present value of the accumulated pension benefit based on the difference between the amounts required to be disclosed in the Pension Benefits Table for the year indicated and the amounts reported or that would have been reported in the Pension Benefits Table for the previous year. The Company did not provide above-market or preferential earnings with respect to the non-qualified deferred compensation arrangements.

For Mr. McAvoy, more than half of the 2014 change in pension value included in the table, \$2.1 million, was driven by changes in actuarial assumptions used to calculate the estimated present value of the Company's projected pension benefit obligations for its financial statements. The assumptions included a year-over-year decline in the discount rate from 4.80% to 3.90% and the impact of new mortality tables released by the Society of Actuaries projecting longer life expectancies. The remainder of the change, \$1.6 million, was due primarily to Mr. McAvoy's salary increase upon his promotion to chief executive officer in 2013. For retirement plan participants hired before January 1, 2001, including Mr. McAvoy, a "final average salary" formula is used to determine a participant's pension benefit. The "final average salary" includes a participant's highest average salary for the 48 consecutive months within the 120 consecutive months prior to retirement. Mr. McAvoy's higher earnings as chief executive officer in 2014 replaced lower earnings during a portion of the 48 consecutive month "final average salary" period resulting in a higher "final average salary" pursuant to the pension formula. See "Retirement and Other Benefits—Retirement Plans" on page 40 and narrative to the Pension Benefits Table on page 49.

(4) Value of the items shown below are based on the aggregate incremental cost, which except for the Company provided vehicle, is the actual cost to the Company. The cost of the Company provided vehicle was determined based on the personal use of the vehicle as a percentage of total usage compared to the lease value of the vehicle.

	Mr. McAvoy	Mr. Høglund	Mr. Ivey	Mr. Longhi	Ms. Moore
Personal use of company provided vehicle	\$ 2,088	\$ 888	\$ 425	\$ 7,869	\$ 4,916

Supplemental plan	\$ 26,400	\$ 25,185	\$29,283	\$ 8,076	\$ 18,781
Total	\$ 54,380	\$ 54,178	\$57,813	\$ 36,250	\$ 46,955

(5) As per the applicable Securities and Exchange Commission (SEC) rules, represents, for each Named Executive Officer, the total of amounts shown for the Named Executive Officer in all other columns of the table.

(6) To show the effect that the year-over-year change in pension value had on total compensation, this column is included to show total compensation minus the change in pension value. The amounts reported in the "Securities and Exchange Commission Total Without Change in Pension Value" column may differ substantially from the amounts reported in the "Securities and Exchange Commission Total" column required under SEC rules and are not a substitute for total compensation. The "Securities and Exchange Commission Total Without Change in Pension Value" column represents total compensation, as required under applicable SEC rules, minus the change in pension value reported in the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column. See "Retirement and other Benefits—Retirement Plans" on page 40.

(7) Messrs. Høglund and Ivey and Ms. Moore each elected to return their discretionary annual incentive award increase to the Company in 2013 that were previously reported in the Company's 2013 proxy statement.

PENSION BENEFITS

Retirement Plan Benefits

The retirement plan, a tax qualified retirement plan, covers substantially all of the Company’s employees. The supplemental retirement income plan provides certain highly compensated employees, including the Named Executive Officers, whose benefits are limited by the Internal Revenue Code with that portion of their retirement benefit that represents the difference between (i) the amount they would have received under the retirement plan absent Internal Revenue Code limitations on the amount of final average salary that may be considered in calculating pension benefits and the amount of pension benefits paid and (ii) the amount actually paid from the retirement plan. All amounts under the supplemental retirement income plan are paid out of the Company’s general assets.

For management employees hired before January 1, 2001, including Messrs. McAvoy and Longhi, the retirement plan provides pension benefits based on: (i) the participant’s highest average salary for 48 consecutive months within the 120 consecutive months prior to retirement (“final average salary”); (ii) the portion of final average salary in excess of the Social Security taxable wage base in the year of retirement; and (iii) the participant’s length of service. For purposes of the retirement plan, a participant’s salary for a year is deemed to include any award under the Company’s annual incentive plans for that year. Participants in the retirement plans whose age and years of service equal 75 are entitled to an annual pension benefit for life, payable in monthly installments. Participants may earn increased pension benefits by working additional years. Benefits payable to a participant who retires between ages 55 and 59 with less than 30 years of service are subject to a reduction of one and a half percent (1.5%) for each full year of retirement before age 60. Early retirement reduction factors are not applied to pensions of participants electing retirement at age 55 or older with at least 30 years of service. Effective January 1, 2013, the portion of future benefits earned and payable at retirement to participants who were under age 50 prior to 2013 and who retire between ages 55 and 59 are subject to an early retirement reduction. The reduction applied to benefits earned after 2012 is five percent (5%) for each full year of retirement before age 60. The

retirement plan provides an annual adjustment equal to the lesser of three percent (3%) or three-quarters (3/4) of the annual increase in the Consumer Price Index to offset partially the effects of inflation.

From January 1, 2009 through June 30, 2012, management employees, including Mr. Longhi, covered under the final average salary formula who were at least age 55 and had 30 or more years of service received an additional pension accrual from the time the participant became eligible through June 30, 2012, at a rate equal to one-twelfth (1/12) of one-half percent (1/2%) of the final average salary for each month of service.

For management employees hired on or after January 1, 2001, including Messrs. Høglund and Ivey and Ms. Moore, the retirement plan provides pension benefits based on a cash balance formula under which benefits accrue at the end of each calendar quarter. Benefit distributions are made in the form of a lump sum payment, but participants may elect instead to receive an immediate or deferred lifetime annuity.

The crediting percent, which can range from four percent (4%) to seven percent (7%), depending on the participant’s age and years of service, is applied to the participant’s base salary and annual incentive award (“Earnings”) during the quarter. In addition, a participant whose Earnings exceed the Social Security Wage Base (\$117,000 for 2014) will receive a four percent (4%) credit on the amount of his or her Earnings that exceed the Social Security Wage Base. The cash balance account of participants is credited with interest quarterly at a rate equal to one-quarter (1/4) of the annual interest rate payable on the 30-year U.S. Treasury bond, subject to a minimum annual rate of three percent (3%) and a maximum annual rate of nine percent (9%). The following table shows how this works:

Age Plus Years of Service	Rate on Earnings	Plus	Rate on Earnings Above Social Security Wage Base
Under 35	4.00%		4.00%
35–49	5.00%		4.00%
50–64	6.00%		4.00%
Over 64	7.00%		4.00%

Footnotes:

- (1) Amounts were calculated as of December 31, 2014, using the assumptions that were used for the Company's financial statements. (See Note E to the financial statements in the Company's Annual Report on Form 10-K for material assumptions.)
- (2) As part of Mr. Høglund's employment offer in 2004, the Company agreed to provide Mr. Høglund credit for an additional ten years of service in the cash balance formula to offset part of the long-term incentives forfeited upon leaving his previous employer. Five of the additional ten years of service were credited on April 1, 2014 after he completed ten years of continuous employment and the remaining five years will be credited after he completes 15 years of continuous service. The portion of Mr. Høglund's retirement benefit that is attributable to the additional years of service provided by the Company will be paid under the supplemental retirement income plan.

**NON-QUALIFIED DEFERRED COMPENSATION****Deferred Income Plan**

The savings plan, a tax-qualified savings plan, covers substantially all of the Company's employees. The savings plan is described on pages 40 to 41. All employees, including Named Executive Officers, whose benefits under the savings plan are limited by the Internal Revenue Code, are eligible to defer a portion of their salary into the deferred income plan, a non-qualified deferred compensation plan. The deferred income plan permits participating officers to defer on a before-tax basis: (i) up to 50% of their base salary, (ii) all or a portion of their annual incentive award, and (iii) the cash value of any restricted stock unit awards (including any dividend equivalents). In addition, under the deferred income plan the Company will credit participating employees with a Company matching contribution on that portion of their contributions that cannot be matched under the savings plan because of Internal Revenue Code limitations. Earnings on amounts contributed under the deferred income plan reflect investment in accordance with participating employees' investment elections. There were no above-market or preferential earnings

with respect to the deferred income plan. Individuals participating in the deferred income plan may elect to have their account balances invested in funds institutionally managed by the Nationwide Insurance Company. Participants may change their investment allocation once per calendar quarter. All amounts distributed from the deferred income plan are paid out of the Company's general assets.

Amounts deferred, if any, under the savings plan and the deferred income plan by the Named Executive Officers are included in the "Salary" and "Non-Equity Incentive Plan Compensation" columns of the Summary Compensation Table on page 44. Company matching contributions allocated to the Named Executive Officers under the savings plan and the deferred income plan are shown in the "All Other Compensation" column of the Summary Compensation Table on page 44. Amounts realized upon vesting of stock awards that were deferred into the deferred income plan, if any, are shown on the "Value Realized on Vesting" column of the Option Exercises and Stock Vested Table on page 48.

Non-Qualified Deferred Compensation Table

The following table sets forth certain information with respect to non-qualified deferred compensation for each Named Executive Officer as of December 31, 2014.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE OF CONTROL

The Company's Severance Program for Officers of Consolidated Edison, Inc. and its Subsidiaries (the "Severance Program") provides compensation to the Named Executive Officers in the event of certain terminations of employment or a change of control of the Company. The amount of compensation that is potentially payable to each Named Executive Officer in each situation is listed in the table below. These amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to these Named Executive Officers, which would only be known at the time that they become eligible for payment. The tables reflect the amount that could be payable under the Severance Program assuming such termination occurred at December 31, 2014. The price per share of Company Common Stock on December 31, 2014 was \$66.01 per share.

Footnotes:

- (1) Assumes the compensation of Messrs. McAvoy, Hoglund, Ivey and Longhi, and Ms. Moore for 2014 is as follows: (i) Mr. McAvoy's base salary equal to \$1,140,000 and a target annual bonus equal to 100% of base salary; (ii) Mr. Hoglund's base salary equal to \$681,500 and a target annual bonus equal to 50% of base salary; (iii) Mr. Ivey's base salary equal to \$751,600 and a target annual bonus equal to 80% of base salary; (iv) Mr. Longhi's base salary equal to \$531,700 and a target annual bonus equal to 80% of base salary; and (v) Ms. Moore's base salary equal to \$574,500 and a target annual bonus equal to 50% of base salary. Benefits and perquisites include incremental retirement plan amounts, health insurance coverage cost, death benefit proceeds under the Company's deferred incentive plan, accrued vacation pay, and outplacement costs, as applicable. For purposes of the table above, Messrs. McAvoy, Hoglund, Ivey and Longhi, and Ms. Moore, are each defined as the "Executive" in the corresponding footnotes below.
- (2) As per the Severance Program, the Executive's severance benefit pursuant to a termination without "Cause" (before a Change of Control or "CIC") is equal to: (i) a lump sum equal to base salary and annual target bonus pro-rated through the termination date and any accrued vacation pay, (ii) a lump sum equal to the net present value of one additional year of service credit under the Company's retirement plans (assuming compensation at Executive's then annual rate of base salary and target annual bonus), (iii) a lump sum equal to 1x the sum of the Executive's then base salary and target annual bonus, (iv) one year continuation of health and life insurance coverage and one year of additional service credit toward eligibility for (but not for commencement of) retiree benefits, and (v) one year of outplacement costs.

- (3) As per the Severance Program, the Executive's severance benefit under a termination without Cause or resignation for Good Reason (on or following CIC) is equal to the same severance benefit under a termination without Cause (before CIC) as described in footnote 2 above except the amounts in clauses (ii), (iii), and (iv) are 2x instead of 1x.
- (4) As per the 2003 long term incentive plan, potential payments will be made upon the occurrence of a CIC without any qualifying termination of employment. Potential payments under the 2013 long term incentive plan require the occurrence of a (i) CIC and (ii) qualifying termination of employment (a "CIC Separation from Service") unless the Management Development and Compensation Committee of the Board of Directors of the Company (the "Compensation Committee") determines otherwise.
- (5) For disclosure purposes, upon Termination (other than a termination for Cause or a resignation without Good Reason), retirement, death or disability, the Compensation Committee is assumed to have taken action pursuant to the long term incentive plan to fully accelerate the vesting of target performance-based awards.
- (6) As per the 2003 long term incentive plan, in the event of a CIC, target performance restricted stock unit awards vest pro-rata through the date of such event. For disclosure purposes, the Compensation Committee is assumed to have taken action to fully accelerate target performance restricted stock unit awards.
- (7) As per the 2013 long term incentive plan, target performance unit awards vest pro-rata through the date of a CIC Separation from Service. For disclosure purposes, the Compensation Committee is assumed to have taken action to fully accelerate target performance unit awards.

Below is a description of the assumptions that were used in creating the tables for Messrs. McAvoy, Hogle, Ivey, and Longhi, and Ms. Moore. For purposes of the description below, Messrs. McAvoy, Hogle, Ivey, and Longhi, and Ms. Moore, are each defined as the "Executive."

Equity Acceleration

Separation from Service

With respect to unvested performance-based equity awards under the 2003 long term incentive plan and/or the 2013 long term incentive plan, in the event of a Termination, resignation, retirement, death or Disability, the Compensation Committee has discretion to determine the terms of the awards (including, without limitation, to accelerate the vesting of unvested awards). Unless otherwise provided by the Compensation Committee, in the event of a retirement, death or Disability, performance-based equity awards vest pro-rata through the date of the event.

For the purposes of the 2003 long term incentive plan and the 2013 long term incentive plan: (i) "Termination" means a resignation or discharge from employment, except death, disability or retirement, (ii) "retirement" means resignation on or after age 55 with at least five years of service, and (iii) "Disability" means an inability to work in any gainful occupation for which the person is reasonably qualified by education, training or experience because of a sickness or injury for which the person is under doctor's care.

Change in Control

As per the 2003 long term incentive plan and the 2013 long term incentive plan, in the event of a Change in Control or CIC Separation from Service, as applicable, unvested performance-based equity awards, respectively, vest pro-rata through the

date of the Change in Control, assuming targeted performance was achieved.

For purposes of the 2003 long term incentive plan and the 2013 long term incentive plan, "Change in Control" has the same meaning as "Change of Control" under the Severance Program.

For purposes of the 2013 long term incentive plan, a "CIC Separation from Service" means a termination without Cause or due to a resignation for Good Reason that occurs on or before the second anniversary following the occurrence of a Change in Control.

"Cause" means the conviction of the Executive of a felony or the entering by the Executive of a plea of *nolo contendere* to a felony, in either case having a significant adverse effect on the business and affairs of the Company.

"Good Reason" occurs if the Executive resigns for any of the following reasons: (i) any material decrease in base compensation, (ii) any material breach by the Company of any material provisions of the 2013 long term incentive plan, (iii) a requirement by the Company for the Executive to be based at any office or location more than 50 miles from the location the Executive is employed prior to the Change in Control, or (iv) the assignment of any duties materially inconsistent in any respect with the Executive's position, authority, duties or responsibilities.

Incremental Retirement Amounts

As per the Severance Program, the amounts relating to the incremental retirement amounts in the above tables are based on the net present value of one additional year of service credit under the Company's retirement plans following a termination without Cause or a resignation for Good Reason (two additional years if such termination is in connection with a

Change in Control) assuming compensation at the Executive's annual salary and target award, age 65 normal retirement, and the assumptions used to calculate lump sum benefits under the qualified retirement plan in December 2014.

The assumptions for Messrs. McAvoy and Longhi include interest rates of 1.40% for the first five years, 3.98% for the next 15 years, and 5.04% thereafter (adjusted to -0.29%, 2.24% and 3.28%, respectively, to reflect cost of living adjustments) and the RP-2000 mortality table projected for 2014 (50% male/50% female blend).

The assumptions for Messrs. Hogle and Ivey's and Ms. Moore's retirement amount do not reflect a cost of living adjustment in accordance with the "cash balance" formula. All amounts payable pursuant to an incremental non-qualified retirement plan are assumed to be paid as a lump sum.

Termination without Cause or a Resignation for Good Reason

As per the Severance Program, the Executive will receive certain benefits as described in the table above if he or she is terminated by the Company for reasons other than Cause or he or she resigns for Good Reason (following a Change of Control). A termination is for Cause if it is for any of the following reasons: (i) willful and continued failure to substantially perform his or her duties, (ii) a conviction of a felony or entering a plea of *nolo contendere* to a felony that has a significant adverse effect on the business of the Company, or (iii) a willful engaging in illegal conduct or in gross misconduct materially and demonstrably injurious to the Company.

As per the Severance Program, a resignation for Good Reason occurs if the Executive resigns for any of the following reasons on or following a Change of Control: (i) any material decrease in base compensation (except uniform decreases affecting

similarly situated employees), (ii) any material breach by the Company of any material provisions of the Severance Program, (iii) a requirement by the Company for the Executive to be based more than 50 miles from the location the Executive is employed prior to the Change of Control, or (iv) the assignment of any duties materially inconsistent in any respect with the Executive's position, authority, duties or responsibilities.

Payments upon Termination of Employment in Connection with a Change of Control

As per the Severance Program, the Executive will receive certain benefits as described in the above table if his or her termination of employment is without Cause by the Company or he or she resigns for Good Reason following a Change of Control.

Section 280G Reduction

As per the Severance Program, in the event an Executive receives any payment or distribution from the Company in connection with a Change of Control, he or she may be subject to certain excise taxes pursuant to Section 280G. If any such payment or distribution subjects the Executive to such taxes and the Executive would receive a greater net after-tax amount if the payment were reduced to avoid such taxation, the aggregate present value of amounts payable to the Executive pursuant to the Severance Program will be reduced (but not below zero) to the extent it does not trigger taxation under Section 4999 of the Internal Revenue Code.

Death Benefit

As per the Company's Deferred Income Plan, the Executive is entitled to a death benefit equal to two times his or her base salary. The benefit is payable in a lump sum.
